ARRL Say's "Thank You" to Veterans

SKYWARN Recognition Day Set for December 5 (Nov 17, 2009) -- The 11th Annual SKYWARN Recognition Day (SRD) Special Event will take place Saturday, December 5, 2009. SRD is co-sponsored by the ARRL and the National Weather Service (NWS) as a way to recognize the commitment made by Amateur Radio operators in helping to keep their communities safe. According to SRD Coordinator David Floyd, N5DBZ, Amateur Radio operators can visit their local participating NWS office, working as a team to contact other hams across the world throughout the 24 hour event.

ARRL Seeks Member Support for HR 2160

To support [HR 2160](#) -- *The Amateur Radio Emergency Communications Enhancement Act of 2009* -- the ARRL is asking its membership to contact their members of the US House of Representatives with a request to become co-sponsors of this significant piece of legislation.

The Amateur Radio Emergency Service (ARES) consists of licensed amateurs who have [voluntarily registered](#) their qualifications and equipment for communications duty in the public service when disaster strikes. Every licensed amateur, regardless of membership in ARRL or any other local or national organization, is eligible for membership in the ARES. The only qualification, other than possession of an Amateur Radio license, is a sincere desire to serve. Because ARES is an amateur service, only amateurs are eligible for membership. The possession of emergency-powered equipment is desirable, but is not a requirement for membership.

On Wednesday, November 11, Veterans Day -- called Remembrance Day or Armistice Day outside the US -- was celebrated all over the world. Originally a holiday that marked the end of World War I -- the "War to End All Wars" -- has been set aside to honor all who have served their country. It was on November 11, 1918, on the 11th hour of the 11th day of the 11th month, that Germany signed the Armistice, formally ending the hostilities that had been ongoing since 1914.

The ARRL would like to take this opportunity to thank our service veterans. Whether they served on active duty or reserve, during peace time or time of conflict, they served their county with honor. We also would be remiss if we did not remember the families of those veterans who kept the home fires burning bright; without their love and support, our veterans would have indeed been alone.

Thank you for your service -- your sacrifice and the sacrifice of your fellow service members is not forgotten.
